End Loading CARS here?

TRAM

Blue Circle

Heljan Container Crane (Removable for Early Periods)
3 goods tracks plus extension over Engine Shed Road!

Modern Period: 3 tracks covered by Heljan
Brewery Transfer Depot adjacent Blue Circle

End Loading of Cars / MOD - location to be determined

Station Building - Townscene stonecast under construction

Isolation Shift - protects Tram track (Transfer Siding)
from dcc system

Shaplend & Petter Cabinet Makers
by Concrete Works and Trix Gantry Crane

Curved Bridge: was Tight radius Roco3 (420mm) now R4 485mm
Tighter than previous layout! S.Voyager still a problem

Barnstaple Town: Matchbox Car System:
Prototypical when stationary!
(New bridge has just opened)

Terminus of L&B - reverse loop to facilitate easy running
without uncoupling (but Fleischman N gauge uncouplers
included in platforms)
